

Dear Sir/Madam,

**Submission – Anti-Discrimination Laws**

Please do not add anything to our current anti-discrimination laws.

These laws serve only to take our existing freedoms away and further the “rights” of a select few” to shut the average person up. We have seen this in a number of cases; one that comes directly to mind is the “2 Dannies” who were hounded for speaking the truth about Islam.

Yours faithfully,

H Bohn
