Dear Ms Denley

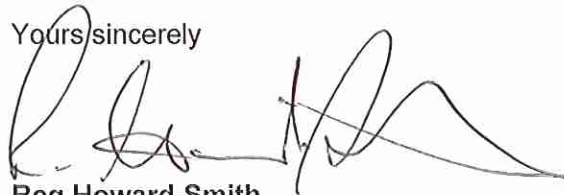

**CME SUBMISSION ON PROPOSED NATIVE TITLE AMENDMENT BILL 2012 -
ERRATUM**

Subsequent to submitting the Chamber of Minerals and Energy's (CME) submission, an error has been identified.

On page 7 of the submission, the sentence reading: "The administrative reforms to the NNTT have already resulted in delays in Western Australia as the NNTT struggles to effectively deal with the volume of future act work" is incorrect and should be disregarded.

Please append this erratum to CME's submission when it is lodged on your website. I apologise for any inconvenience.

Yours sincerely

Reg Howard-Smith
Chief Executive
